

"2023 was a pivotal year for FIC Argentina: we changed the team, we added new members to our Board and Advisory Council, we expanded our agenda and generated more alliances. All these transformations occurred within the framework of our 15th anniversary of working in defense of the right to health."

Gabriela Lozano
Institutional Director of FIC

"In 2024 we will continue working for a healthier and fairer environment. Our efforts will primarily focus on ensuring compliance with the labeling law, ratification of the FCTC and more effective policies on alcohol consumption. Let's keep moving forward!"

Luciana Castronuovo
Projects Director, FIC Argentina
